Where Can You Eat On Thanksgiving Day?

With the changing season, it can be challenging to figure out which restaurants are open and what hours for dining out in Moab. But do not despair, many of Moab's restaurants stay open year-round, but they do adjust their hours to meet public demand.

"Moab Happenings" endeavors to call around and update the restaurant guide to reflect this seasonal metamorphosis.

See the restaurant guide on **pages 7-10A** or online. This month we called around and as a service to those who would like to treat themselves, friends & families to Thanksgiving Dinner without the fuss of cooking and cleaning up after. Here's a run-down of who is serving on this special day.
